

REMARKS:

Claims 1, 4-5, 7-8, 12 and 15-29 are in the case and presented for consideration.

Applicant gratefully acknowledges the indications in the Office Action that claims 19-29 are allowable and that claim 6 contains allowable subject matter. Claim 1 has been amended to recite the combined features of claims 1 and 6 and thus is also allowable. Claims 4-5, 7-8, 12 and 15-18 depend from allowable claim 1. These claims are also allowable at least by virtue of their dependence on claim 1.

Claims 1, 4, 5, 12, 16, 20, 21, 25 and 27 have been amended to address the objections noted in the Office Action and are all now believed to be in proper form.

Claim 5 as amended is also believed to overcome the Office's indefiniteness rejection under 35 U.S.C. § 112, second paragraph.

Based on the foregoing, the application and claims are believed to be in condition for allowance.

Applicants have endeavored to make the foregoing response sufficiently complete to permit prompt, favorable action on the subject patent application. In the event that the Examiner believes, after consideration of this response, that the prosecution of the subject patent application would be expedited by an interview with an authorized representative of the Applicants; the Examiner is invited to contact the undersigned at (845) 359-7700.

Respectfully submitted,

/Chih-Sheng Lin/
